The Compass

Class of 1966

Grafton High School Library
24 Providence Rd.
Grafton, MA 01519

Grafton Memorial Senior High School
Grafton, Massachusetts

they are not long,
the weeping and the laughter,
love, desire and hate,
I think they have no portion in us
after we pass the gate.

they are not long,
the days of wine and roses,
out of a misty dream
our path emerges for awhile,
then closes, within a dream.

Ernest Dowson

Foreword

Ten years hence, our high school careers will be dim yet warm memories. These four years, however, have been the foundation for the way that we shall follow. Teachers, friendships, fun, work, laughter and tears have all been a part of this important framework. From the invaluable experiences of today and yesterday, we receive the knowledge to live tomorrow. The appreciation we hold for the people who have helped us gain this knowledge can never be adequately expressed.

May this 1966 Compass provide memories of our time spent here, and serve as a tribute to those who have made these years so successful.

Dedication

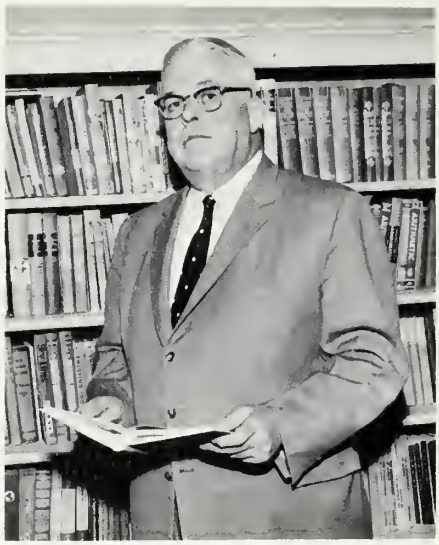

The heart can think of no devotion
Greater than being shore to ocean—
Holding the curve of one position,
Counting an endless repetition.
—Robert Frost

In grateful appreciation for the many valuable years you have devoted to the Students of Grafton High, we, the Class of 1966 dedicate our "Compass" to you

MESSAGE FROM THE PRINCIPAL

You work that you may keep pace with the earth and the soul of the earth.

And in keeping yourself with labour you are in truth loving life,

And to love life through labour is to be intimate with life's inmost secret.
